SUMMARY

High-achieving Intelligence Studies and Data Science major (3.932 GPA) with a Secret Security Clearance and professional experience bridging the gap between advanced data engineering and strategic intelligence

EDUCATION

Mercyhurst University | GPA: 3.93
Erie, PA | Aug 2023 - Dec 2026

- **Majors:** Intelligence Studies and Data Science
- **Minor:** Chinese
- **Advanced Coursework:** Deep Learning, NLP, Big Data Analytics, Relational Database Systems, AI Applications in Intel, Geospatial Intelligence, OSINT

TECHNICAL SKILLS

- **Data Science & Programming:** Python (Advanced), SQL, R, Pandas, NumPy, Scikit-learn, Matplotlib
- **AI & Automation:** PyTorch, ONNX, SpaCy, NLTK, Ultralytics/YOLO, Microsoft AutoGen, OpenAI/Anthropic APIs
- **Tools:** Power BI, ArcGIS, Excel, FastAPI, Streamlit, Git/GitHub, Selenium, BeautifulSoup4
- **Certifications:** CompTIA A+ (2026), CompTIA ITF+, Google IT Certification
- **Languages:** Intermediate Mandarin Chinese

TECHNICAL PROJECTS

- **Web Scraping & Extraction:** Built automated scripts with **Selenium** and **BeautifulSoup4** to parse complex web structures for intelligence gathering.
- **AI Agent Development:** Implemented multi-agent systems via **Microsoft AutoGen** to automate intel workflows.
- **Predictive Analytics:** Deployed **PyTorch** and **Scikit-learn** models for data forecasting tasks

EXPERIENCE

Intelligence Analyst Intern | United States Coast Guard Sector Detroit

Detroit, MI | May 2024 - Aug 2024

- Leveraged Secret Clearance and social media OSINT to identify illegal business operations and charters.
- Authored Field Intelligence Reports (FIRs) and briefed Sector Command on breaking intelligence.

Intelligence and Data Analyst | Mercyhurst University (CIRAT)

Erie, PA | Oct 2023 - Present

- **Project Watch:** Orchestrate automated workflows to monitor and report critical incoming data streams.
- **Project JohnTheBarber:** Applied Python for complex data analysis in a multidisciplinary team.
- **Project SKB:** Used PowerBI to create a dashboard showing relevant business insights to the client.
- **Project Dr. D:** Built, managed, and updated SQL database regarding maintenance task data, and constructed a python program to send periodic maintenance emails when required

Resident Assistant | Mercyhurst University (RESLIFE)

Erie, PA | Aug 2024 - May 2026

- Oversee a community of 30+ residents, managing a program budget and executing educational events on diversity and academic success.
- Handled emergency response, including mediations and mental health crises, while maintaining detailed incident reports.

SECURITY CLEARANCE

- United States Coast Guard | Secret
May 2024 - Aug 2024
